

# Stress Management Using Art Therapy

24 January 2025 10:00 AM - 24 January 2025 05:30 PM

## Brief Overview:

The World Health Organization (WHO) recognizes workplace stress as a global issue affecting employees' mental and physical health. It identifies prolonged stress as a key contributor to anxiety, depression, and other health conditions, emphasizing the importance of workplace interventions to promote mental well-being. WHO highlights the need for organizations to create supportive environments, implement stress management strategies, and prioritize employee wellness to reduce the adverse effects of workplace stress and enhance overall productivity.

---

## Session content:

- "Stress Mapping" – visualize your stressors using art (e.g., creating a stress tree or stress flow chart).
- "Emotion Art Journal" – paint or draw your current emotions.
- "Creative Release" – participants create an abstract piece representing the release of tension.
- "Mandala Creation" – focus on creating detailed, repetitive patterns for relaxation.
- "Vision Board" – participants create an art-based vision of their stress-free, productive self.

---
