Games Engage participants

What makes games so engaging?

The surprising truth about learning, motivation and mastery

**How do you grab people's attention — and then keep them coming back for months, even years?
What makes any experience truly engaging over time?**

We know that games can be deeply engaging — and that no single type of games holds the key. Stylistically, people seek out a wide variety of different experiences. Just look at today's gaming landscape — from adrenaline-pumping shooters to candy-coated puzzlers to the creative freedom of Minecraft, one person's beloved game is another's worst nightmare.
