

# Building Agile competencies for professional success

26 August 2021 10:00 AM - 26 August 2021 01:00 PM

## Brief Overview:

Quickness and Alertness are the distinguishing features in a fast changing market to meet the every changing expectation of the customers. Although a product or service may be unique, managers who practice agility are capable of achieving higher productivity at work. Most of the time we become enslaved to old working patterns and behaviours. Agility is the concept of dealing with a situation that is unclear and unpredictable.
